

Project Application Form Cell Biology

Obligatory Information

Name:

Matriculation Nr.:

How many „Projektmodule“/„Forschungsmodule“?

Do you also want to do a bachelor/master thesis?

Yes

No

At which day do you want to start?

When do you intend to finish the projects?

Voluntary information

Do you have particular interest in a special project or method?

How did you hear about our working group?

Please bear in mind that a project in cell culture can be time-consuming. Regular attendance is required. Therefore, plan ahead if you need to finish your degree in time for job applications. Please let us know in advance if you have other commitments during the working week (e.g. another job) so that your project can be planned accordingly.
