

	Monday 14 th	Tuesday 15 th	Wednesday 16 th	Thursday 17 th	Friday 18 th	Saturday 19 th	Sunday 20 th
Plenary talk	Opening ceremony	Morning run	Morning run	Morning run	Morning run		
	Gloriana Chaverri	Melissa Bateson	Mauricio Cantor	Zanna Clay	Stotra Chakrabarti	Barbara Caspers	Excursions & Brauhaus activity
Morning session	Symposium S - The sixth sense - ethology of magnetic orientation	Symposium W part 1 - Caring about others: Evidence for empathy in animals	Symposium L - Bioacoustics in practise - how the analysis of acoustic signalling can be ...	Symposium A - Emotion research across phylogeny: integrating cross-disciplinary ...	Symposium O - Acoustic environments for monitoring and managing animal health ...	Symposium AA - Plasticity in social behaviour under environmental change	
	Symposium H - The welfare and behaviour of wild animals	Symposium X - Brain and behaviour: recent paradigms in ethological research	Symposium AB - Applying animal behaviour research for wildlife conservation purposes	Symposium P - Genomic characterization of distinct social behaviours	Symposium T part 1 - Collective and cooperative behaviour	Symposium AH - Causes and consequences of individualisation in behavioural ecology	
	Symposium I - The effects of early-social environments on behaviour ...	Symposium E - The challenges of assessing behaviour and welfare in unfamiliar	Symposium AD - Joint evolution of dispersal and mating system in a changing world	Symposium K part 1 - Chemical communication and behaviour	Symposium Z - Transparency and replicability in animal behaviour ...	Symposium M - Measuring cognition in fishes: identifying challenges ...	
	Symposium B part 1 - Insect behavioural ecology: insights from lab and field	Symposium F - Consequences of citizens' behaviour on the behaviour of wild animals	Symposium D part 1 - The role of cooperation and conflicts in the evol-	Symposium AG - How animals interact with human vocalizations	Symposium Y - Community engagement in animal behaviour and conservation	Animal welfare (domesticated) part 2	
	Cognition part 1	Symposium B part 2 - Insect behavioural ecology: Insights from lab and field	Behav ecology part 3	Behavioural ecology part 5	Behavioural ecology part 7	Communication part 5	
	Animal personality part 1	Cognition part 2	Cognition part 4	Cognition part 5	Cognition part 6	Parental care part 2	
	Sociality part 1	Communication part 2	Animal personality part 3	Sociality part 3	Communication part 4	Methods	
	Sexual selection	Parental care part 1	Aposematism and mimicry	Plasticity part 1	Plasticity part 2	Cooperation	
	Host-parasite interactions	Movement and dispersal	Combined: anthropology + parasites	Mate choice	Applied animal behaviour	Combined: Behavioural genetics + Reproductive strategies and mating	
						Unconscious bias & diversity in research	
Lunch break							
Plenary talk	Devi Stuart-Fox	Michael Kasumovic	Gladys Kalema-Zikusoka	Meg Crofoot	Julia Saltz	Award ceremony	
	Symposium R - Socially transferred materials: complex behaviors uniting	Symposium AJ - Approaches to innovation and individual learning of toolmaking	Symposium U - Habitat as an extended phenotype	Symposium K part 2 - Chemical communication and behaviour	Symposium C - The complexity of understanding vocal complexity ...	Measuring cognition in fishes	
Afternoon session	Symposium AI - More than a feeling: what behaviour can tell us about animal welfare	Symposium V - The role of density-dependent behaviour and plasticity on ...	Symposium AC - Microbiome, animal behaviour and cognition	Symposium AL - Diversity, equity and inclusivity in Behaviour, Ecology ...	Symposium T part 2 - Collective and cooperative behaviour	Beyond P-value	
	Symposium G - From the countryside to the city: cognitive and behavioral variation ...	Symposium N - Integration of Behavioural Ecology and Animal Welfare	Symposium AE - Embracing diversity: comparative sleep research in non-model ...	Symposium J - Inheritance of social behaviour in the wild ...	Symposium AF - Meta-research for behavioural ecology: it's time!	Optimising Ethograms	
	Symposium AK - Social learning and culture	Symposium W part 2 - Caring about others: Evidence for empathy in animals	Symposium D part 2 - The role of cooperation and conflicts in the evolution ...	Symposium Q - Selection shapes animal cognition	Individualisation 2	"Spot checks" for animal welfare	
	Communication part 1	Behavioural ecology part 2	Behavioural ecology part 4	Behavioural ecology part 6	Behavioural ecology part 8	Unconscious bias & diversity in research	
	Sociality part 2	Cognition part 3	Communication part 3	Animal personality part 4	Cognition part 7	Inclusive teaching	
	Behavioural ecology part 1	Animal personality part 2	Foraging part 1	Animal welfare (domesticated) part 1	Foraging part 2		
	Individualisation part 1	Predator-prey interactions part 1	Conflicts	Predator-prey interactions part 2	Life-history		
	Hormones	Combined: Neurobiology + Defense	Learning	Sensory ecology	Combined: Animal welfare (zoo) + Conservation		
			Sports event				
	Evening programme	Social and networking events	Poster session	Society meetings, social events & night walk in the Tierpark	Poster session	Conference dinner & night walk in the Tierpark
