PERSONAL SKILLS

Research abilities:

-Team work: I am currently working in a research team in the Department of Organic Chemistry of the University of Yaoundé I and Higher Teacher Training College where I have learnt separation technics in Natural Product and Isolation of Fungi.

Chemistry: During my internships in industrial companies, I have gained experiences in industrial process

Main modules:

During my Bachelor degree of Science, my main modules were:

- Organic Chemistry
- Inorganic Chemistry and Mineral Chemistry
- Physical Chemistry

Languages:

English: good written and oral communication skills currently enrolled in English language courses.

French: Excellent written and oral communication skills

Computer skills: Microsoft Office Word, Excel, Access and Power point.

HOBBIES

- Basket-ball
- Reading
- African culture
