E-mail: nguembu@gmail.com

Personal Profile

I am a motivated, responsible and reliable post-graduate student at the YaBiNaPA graduate school with particular interest in the isolation, characterization and biological activities of phytochemicals from plants.

Career Objective

Obtain a PhD in chemistry and use the skills acquired throughout the training to contribute to the valorization of medicinal plants in Cameroon.

Working Experience

09/2017-10/2017

Intern at Cameroon Baptist Convention Health Services Complex, Mutengene, South West Region, Cameroon. Working at the Quality Control and Production intern of the Quality Control and Non-Sterol Production Unit

Tasks: *Compounding of products for oral use, visual inspection, endotoxicty and sterility tests on drugs, in-process control of Hesco water and Hesco water bottling*

Education

09/2021

PhD student at the University of Yaoundé I, Cameroon.

Topic Prenylated flavonoids from *Erythrina sigmoidea*, *Erythrina vogelii* and *Erythrina mildbraedii* (Fabaceae) as potential antipneumonial agents.

02/2022

Full-time scholarship student at the YaBiNaPa SDG Graduate School.

10/2018-07/2021

Master of Science (MSc) in Chemistry (Minor in Organic Chemistry-Natural Products Option) at the University of Buea, Cameroon with a GPA of 3.58/4.

Topic: Isolation, characterization of compounds from the seeds of *Dracaena mannii* (Asparagaceae) and evaluation of their anticonvulsant activity.

2015-2017

Bachelor of Science (BSc) in Chemistry at the University of Buea, Cameroon with GPA of 3.2/4.

Skills

Language English and French: Good writing and oral communication skills in both languages.

Computer skills Proficient in the use of Microsoft Office package (Word, Excel, and PowerPoint), Chemdraw and Mestrenova.

Interests

Tourism I find interest in travelling and discovering new places.
