

## Consent Form For Collection and Processing of Interview Data

### **Explanation**

Within the scope of the research project \_\_\_\_\_ (title of project) by \_\_\_\_\_ (name of the researcher(s)), you declare that you are willing to participate in an interview. You have been informed of the nature, scope, objective, and course of the above-mentioned research project.

The interview will be tape-recorded and then transcribed.

All information that could lead to an identification of you as a person or of persons and institutions mentioned in the interview will be anonymized for the further scientific evaluation of the interview transcription. The interview transcript will be used for analysis purposes only and will only be quoted in excerpts.

Your contact information will be kept separate from interview information. Your information will be stored in a manner inaccessible to third parties.

### **Assent**

You agree to participate in the interview conducted as part of the referenced research project. You also agree to the anonymous processing and scientific use of the interview and the resulting data. Your participation in the research and your consent to the use of data are entirely voluntary. You will not suffer any disadvantages as a result of rejection. You are aware that you can revoke this consent at any time, with the consequence that the processing of your data under the revocation declaration will become inadmissible. However, this shall not affect the lawfulness of the processing carried out based on the consent until revoked.

Under these circumstances, you agree to participate in the interview and consent to the recording, transcription, anonymization, and analysis of the interview.
