Professional curriculum

- From 1983 to 1987 at the Regional Hospital of Lugano, as a registered nurse in a department of general medicine.
- From 1988 to 1990 at the Villaverde psychiatric clinic in Dino (Switzerland) as a registered nurse.
- From 1990 to 1997 at the Villa Argentina Therapeutic Center for Drug Addicts in the Lugano and Viglio (Switzerland) as a nurse and educator and since 1992 as head of the health sector.
- From 1997 to 1998 at the Lugano Home Care Service, as a registered nurse.
- From 1998 to 2008 I worked as a “Lecturer in Nursing Care” at the Higher Specialized School in Nursing (DECS) (Switzerland). In consideration of my professional and educational curriculum, my teaching area has been in the area of methodology and research, public health and health policies and the area of social and youth distress in particular risk behaviors and addictions.
- In 2006 I began my collaboration with the University of Applied Sciences and Arts of Italian Switzerland, Department of Health (DSAN / SUPSI).
- Since 1 September 2008 I have been working 100% at DEASS/SUPSI as a Lecturer and Researcher, currently with the title of Senior Lecturer and Researcher. My teaching and research field has focused on Sociology of Health, applied to the health professions, in different directions: the impact of ICT in health care organizations and professions, mental health, social and youth distress, addictions, salutogenesis, the inter-professional and intercultural approach to care.

Research activity: I collaborated in the following European Research Projects.

- LENEMI (LEarning NEeds of MIgrants caregivers).
- ECVET DIGITAL PLATFORM.
- PROJECT ICT - Innovative caregivers' training EU Lifelong Learning Program Sub-program Leonardo da Vinci Transfer of Innovation project; Project n. 2013-1-CH1 LEO05-00882.
- Open Badge project.
- MECVET Project; 2013-1-TR1-LEO05-47553 DEVELOPMENT AND TEST OF A MODULAR ECVET SYSTEM IN EUROPE.
